Mission

Inland Southern California United Way (ISCUW) has served the region since 1931. Our mission is to unite people, ideas, and resources to empower our community and improve lives.

We envision a caring community, an extraordinary place to live, learn, work, and grow. ISCUW's service region covers most of Riverside and San Bernardino Counties.

We serve more than 460,000 households and 1 million people each year via more than 40 programs in Financial Stability, Housing, Education, and Health.

What is 211?

Inland SoCal United Way
InlandSoCalUW.org

Helpline- 951-686-HELP (4357)

HELPLine is the hotline to crisis intervention and suicide prevention.

HELPLine receives about 8,000 calls per year from individuals in crisis. About 10% of calls are serious and may present danger.

Fortunately, we have more than 40+ crisis counselors assisting our line 24 hours a day in the corresponding language.

Alternative Sentencing Program

The Alternative Sentencing Program has several services that help redirect both youth and adults by providing opportunities to give back to the community.

When clients are sentenced in court, the judge will refer the clients to us, and we will assist with a referral to the following programs:

- Domestic violence
- Child Abuse
- Community Service
- Parenting
- Anger Management

Emergency Services

- MyShake App: Earthquake Warning California's earthquake warning system is the first prevention system available statewide to give residents crucial seconds to shelter before an earthquake. Earthquake Warning California uses motion sensors across the state to detect earthquakes before they are felt so they can practice "Crouching, Covering, and Holding."
- VOAD: Community network of nonpartisan membership organizations that serves as a forum for sharing knowledge and resources throughout the disaster cycle (preparedness, response, recovery, and mitigation) to help communities prepare for and recover from disasters.
- Public Safety Power Outages (PSPS): Identify the AFN community in areas of power outages and assist with care coordination
